

FOR IMMEDIATE RELEASE

Town of Monon takes their Code of Ordinances Online

The Town of Monon and American Legal Publishing are happy to announce the Town of Monon Code of Ordinances is now available online at the eCodeALP online database.

Monon residents will be able navigate their Code to find specific topics or laws, search, share, download, bookmark, annotate, and print their ordinances from their computer, phone, or tablet. The Town hopes that bringing their Code of Ordinances online will help provide additional transparency in local government.

With the efforts of Town Clerk-Treasurer Annette Sipkema and the cooperation of Town staff, American Legal Publishing was able to complete the codification of the Town's municipal code for the new online format.

The Town of Monon encourages residents to explore the eCodeALP platform and to use this resource to stay informed about local law. The Town of Monon Code of Ordinances can be accessed at the eCodeALP Code Library website at <https://codelibrary.amlegal.com/codes/mononin>

About American Legal Publishing: American Legal Publishing is an established leader in the codification industry publishing Codes of Ordinances books for United States local governments. For the past 90 years American Legal Publishing has helped clients efficiently manage and disseminate their municipal Codes of Ordinances, meeting minutes, and other municipal documents to their communities.
